\*"The Shell" includes the main building with a 2.0kpa mezzanine floor and engineering and drafting services to enable submission to council with customer supplied accessories.

Please note that Dinky Di supply the engineered building only. All other applications such as energy efficiency reports, plumbing, lighting etc are not included.

Dinky Di strongly recommends engaging a private certifier and/or town planner to assist with all other council requirements.

Prices last updated November 2010. Prices were correct at the time of printing.
